

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XXV.

STANFORD, KY., FRIDAY, JANUARY 29, 1897.

NO. 85

IN THIS VICINITY.

J. T. Linville has been appointed postmaster at Terrell, Madison county. Jesse Newby, one of the oldest citizens in Madison county, is dead at the age of 80.

Two men in Madison county pay taxes on over \$100,000 of property. They are John D. Harris and T. D. Chenault. Pictures of Miss Sophronisa Breckinridge show her in a costume better fitted for a little girl than an austere lawyer.

The judgment of the Garrard circuit court in the case of Arnold vs. Hubble, city attorney of Lancaster, has been affirmed by the court of appeals.

Charley Ball, a Middlesboro merchant, gave his brother, Houston, \$200 to deposit in bank, but he lit out with it and has not since been heard of.

Dr. Rinehart, of Springfield, is trying the experiment of raising a prematurely-born child in an incubator. The infant is 10 days old and is growing.

Twelve lots at Richmond that cost the owner \$300 each during the boom times sold at auction Monday for \$964. Confidence and prosperity evidently haven't reached Richmond.

Supt. Scott, of the Lexington Lunatic Asylum, admits that he put Miss Sarah Cecil in a straight jacket, when she became unmanageable, just as he would any other patient under similar circumstances.

In the Madison circuit court Richard S. Rice sued Z. T. Rice, Sr., his brother, for damages to the amount of \$1,000. Some time ago Z. T. Rice, Sr., had a lunacy warrant issued against his brother, but for some reason the case was not pushed. Now the brother craves damages. The jury in the case failed to agree.

The bondholders of the Richmond, Nicholasville & Irvine railroad will probably lose their entire holdings by the reorganization of the Monon, which has been ordered to be sold. It was bonded for \$1,000,000, and the bonds were indorsed by the Monon. No interest has been paid since 1891. Half a million of the bonds are held in Louisville.

At Monticello the property of the Kentucky Consolidated Oil and Gas Company was sold at public auction to E. D. Sayre, George C. White and William Tarr, of Central Kentucky, for \$10,000. The purchasers own \$38,000 out of the \$50,000 bonded indebtedness. This brings the total cost of the property to its present owners up to \$48,000.

WAYNESBURG.

Winter has come in earnest. Born, to the wife of D. W. Caldwell, on the 25th, a Bryan democrat. He and his mother are doing nicely.

Mr. Stephen H. Gooch asks us to say that he has a good top buggy, except that the dash board is a little disfigured, which he wants to loan.

We hope the neighbors will kill some rabbits and take to Mr. L. G. Gooch while the snow lasts, so that his family may have a few messes of meat.

Mrs. Harriett Hamilton, Mr. and Mrs. H. W. Caldwell are convalescing after severe cases of grip. The daughter of Mr. W. D. Johnson who has been very low, is a little better at this writing.

They say that Squire Faulkner is trying very hard to purchase the pass which M. G. Reynolds holds over the Highland & Waynesburg pike and we also heard that the Squire was troubled with an official bee in his bonnet at times.

Mr. Jas. P. Gooch, who has been living in Texas for 20 years, and who returned from that State a short time ago to visit his children, of whom Mr. L. G. Gooch is one, is paying a visit to his former wife, who is living with her daughter, Mrs. Marshall Morgan.

Miss Eva Caldwell opened her school here Monday and we hope she may have unbounded success. Miss Ora Williams has also begun a school at Ellison and every parent should see to it that his children do not lose a day from school. Talking about schools reminds me of what my good friend, Mr. Goode, at Eubanks, said to me in regard to education. He said some of our best men did not seek education for the love or desire of becoming great men, but it was because their parents make them go to school while young and their teachers make them study until they form the habit of learning; then they go on learning through habit till they are at the head of the Nation. Would to God that more parents and teachers would cause their children to form the habit of learning; then we would have less use for jails and penitentiaries and more for schools and churches and teachers.

The Stanford INTERIOR JOURNAL was always good, and in its new suit it is handsome. It is a splendid paper, edited by a superb man, and is always taken home to be read at our leisure and pleasure.—Glasgow Times.

MT. VERNON.

The zero weather is the theme of conversation.

The Baptist church will be dedicated Sunday, Feb. 7.

Harris White was out with his sleigh minus sleigh bells, Wednesday.

Miss Bessie Miller visited Miss Eva Martin, of Maresburg, last week.

A number of students of the Institute will apply for teachers' certificates in June.

Mr. B. H. Joplin returned Saturday from a visit to Livingston, accompanied by his sister, Miss Ella.

The Salamagundi will be entertained at the next meeting by that charming hostess, Mrs. R. L. Thompson. The club increases in interest and numbers.

We omitted the name of Mrs. Willis Adams, of Garrard, when mentioning the children of Mr. and Mrs. H. H. Baker. Their grand-children number 50.

Almost a year has elapsed since the mysterious disappearance of Willie McClary. No clue as to his whereabouts has been obtained, although his father has advertised and in every way endeavored to find him.

Mr. Stokes, the coal man who supplies our town with coal from his own coal bank, will make it prove a gold mine if this weather continues. In fact veins of some kind of heavy ore are occasionally struck by the coal diggers. We have a large specimen of it on hand now.

The infant daughter of Mr. and Mrs. Reuben Mollins died of measles last Monday. She was a most winsome little girl, the pet of the household and the family is stricken with grief over the loss of their darling. A large number of friends attended the burial near the Presbyterian church.

The Bradley-Martin ball which is to cost \$250,000 seems to have invoked the wrath of the clergy upon the head of the millionaire. If a few more of the wealthy would thus unlock their coffers and disburse the money to tradesmen, florists and all who must help to make a success of such occasions it would be better for the starving poor.

The charade party met with Mrs. C. C. Williams last Tuesday evening, all report a pleasant time. Mr. C. A. Morrison is at Altamont on business. Miss Berda Martin visited friends here last week. Mr. Andrew Gentry has taken rooms in the Smith property. Little F. L. Thompson and Cora Griffin are suffering with measles.

LIBERTY.

There are several contestants for the post-office and the race is getting interesting. Among the number is our old friend, M. K. Humphrey, whom we would as soon see hold down the position as any one and from information he seems to be in the lead.

County court as a general thing does not cause much excitement in Liberty, but Monday beat the record for many years in the way of crowds as all parts of the county were heavily represented by its citizens, who spent the day listening to the oratory as it poured forth from the lips of the 33 candidates that were present and whose claims will be settled March 6.

A subscription school is in session here under the supervision of Mrs. Osborne Portman, at which we are informed about 50 pupils are in attendance and the school gives entire satisfaction to all. The citizens are awakening to some extent in regard to education and it is hoped that the county seat will make some improvement in the way of school buildings.

Having a curiosity to know the sentiment of the Casey county people on the subject of free turnpikes we questioned well posted men from different sections of the county in regard to it and from the result it is clear that the voters would decide in favor of the "Aff." should they have a chance at the polls, which I think they will do get, as petitions will be circulated in time to cause a vote at the next November election.

I had the pleasure of exchanging compliments with that venerable old man and excellent pen pusher, Uncle Eastham Tarrant, who informed me he had just finished a school on Casey Creek and would spend the remainder of the winter in Liberty. The toils of life are fast telling upon him and he is gradually retiring from public circles as his years are numbering many beyond the average, but may he yet see many more and his last ones be the happiest.

Mr. J. W. Loving, who left here for the "Sunny South" some time ago, is back again where he will settle down and follow his profession, that of a lawyer. The citizens welcome his return and join his many friends in wishing him success, which in no doubt lies before him.

V. R. C.

At Paducah, Mrs. A. E. Stone was divorced and remarried inside of an hour. The ceremony took place in the court-house and the ex-husband witnessed it.

Middleburg, Casey Co.

J. W. McWhorter is running his saw mill regularly now and is turning out a quantity of merchantable lumber.

Jacob Wall, of the Mt. Salem neighborhood, has sold his farm to J. H. Thomas for \$600 and will move to Illinois to make his future home.

Mr. and Mrs. McD. Jones gave a little folks party at their home Saturday night, when quite a number of little tots were present and report a jolly time.

Notwithstanding it is thought that the school per capita will be a few cents worse than nothing this year, teachers have already begun prospecting for positions.

It seems that the republicans of this end of the county want all of the offices. We have in this precinct a candidate for judge, one for county clerk, one for circuit clerk, three for assessor, one for sheriff and it is reported that Jim Kitz, colored, will soon announce himself for jailer.

W. T. Durham returned from New York Sunday, whither he had been to sell staves and reports the dullest times he ever saw. Mr. Durham is a republican and was very loud in his prophecies of the wonderful times that were to follow the election of McKinley, but it seems that his fondest hopes, if he ever had any, are not being realized by a long shot. The big blows about the restoration of confidence and the big prices of mules, &c., were vote catchers that went catch in the future.

The contest between some half dozen young lady pupils of Janie Wash Institute for a medal to be given by Prof. Ford will take place at the Baptist church here Saturday night, Jan. 30th, instead of Friday night. Prof. J. B. Rucker, of Georgetown, and W. C. Grinstead, of Danville, and Hon. G. E. Stone, of Liberty, will compose a committee to decide the contest and award the prize. After the contest is over the ladies' aid society will give a supper, the proceeds of which will be used in purchasing a carpet and a communion set for the Baptist church. We are requested to extend a general invitation to everybody to attend, as the biggest time ever in Middleburg is promised.

Senator J. C. Lay is making an active canvass for the republican nomination for superintendent of schools. R. S. Rector, who was defeated by J. W. Hoskins for the same office, is also a candidate, but it is plain that Lay has a sure thing of it this time. Miss Lizzie Fogle, a young lady about whom naught but good can be said, is an independent candidate and we firmly believe that somebody is going to be woe fully surprised when the final count is made. Miss Lizzie is a most worthy young lady, well qualified for the office she seeks, and if the people are looking for a deserving person in whom to entrust the educational interest of the county, they can not do better than to vote for Miss Lizzie.

FROM ANOTHER CORRESPONDENT.

The report in the INTERIOR JOURNAL some time ago that a Mr. Brown, brother-in-law of Mr. G. W. Drye, of this place, had skipped with \$7,000 of Mr. Drye's money, is untrue. Mr. Drye showed your correspondent a letter saying that Mr. Brown was still there and that the report had gained ground from a misapprehension.

KINGSVILLE.—The Misses Pennybacker returned on Sunday from a two weeks visit to Shakertown, Harrodsburg and Junction City. They report having had a splendid time. They are too modest to tell the number of their conquests, but their works will follow them. Mr. Tusco Waters is still with us but is talking strongly of going to Mexico to engage in railroading. Mexican dollars, he says, are good enough for him. Mrs. Jas. Roy is visiting Miss White in Lexington. Both were taken sick soon after their arrival in Lexington and confined to their beds. The Merry-Go-Round Literary Club is still flourishing. Mr. Creighton's unique position as the only male member of the club is still exciting the envy of the younger men of our town. The sick here and hereabouts are slowly recovering. Dr. Thompson, our physician, has been very successful with his patients. Numerous weddings among us in prospect. Thin old bachelors and spare old maids are exciting great commiseration this intensely cold weather.

D. M. C.

War will come high if we must have it, for the House Committee on Military Affairs reports to Congress that its costs for powder and projectile alone \$164 to fire one round from an eight-inch rifle, \$322 to fire one round from a 10-inch rifle, \$561 to fire one round from a 12-inch rifle, and \$650 to fire one round from a 15-inch pneumatic gun. The cost of one round from a 12-inch mortar is \$219. Here is another argument in support of arbitration.

Philadelphia was visited by a conflagration which caused a loss of \$2,500,000.

LANCASTER.

Court day, last Monday, was a cold, tame affair and but little business was transacted.

Elder George W. Gowen's subject at the Christian church Sunday at 11 A. M. will be "God's Uses For Baptism."

The zero weather is still on and a snow has fallen, which will protect the wheat and make the sleigh bells jingle.

Judge Totten sent George McCarley to jail for six hours for refusing to tell where he got whisky, when no one was on trial for furnishing it to him. How many inquisitorial tribunals are we entitled to?

George Lasure was fined \$10 and costs on Wednesday for committing a breach of peace. In the police court on Wednesday, Jim Scott and Nannie Ballard were fined \$20 each, on a charge of fornication.

The city council met Tuesday and voted to advertise for bids to furnish electric lights for the city. This is a move in the right direction and those who have been in darkness so long exclaim with one voice, "Let there be light."

A protracted meeting will be held at the new Methodist church, beginning next week. No people are more devout and no church has done more good than that. They do not thank God that they are not like other people, nor do they abuse a sinner for what he has done.

We were told by the republicans that confidence would be restored and times would be better if McKinley should be elected. This occurred and yet banks are breaking and times are no better. Those who are out want to get in the public eriband that is all politics has to do with the prosperity of a Nation.

John G. Dety, son of Capt. John Dety, and Miss Mary Doores were married in this city on Wednesday, Rev. F. H. Campbell officiating. They left at once for Searcy, Ark., where they will make their future home. They leave many friends in this county.

Sheriff Robinson arrested Jim and Tom Story on a charge of stealing turkeys. They are in jail awaiting an examining trial. Rumor says that they are guilty, but there are many graver offenses than the charge which they are called to answer, especially if the fowls were in good condition.

The withdrawal value of stock held here in the Southern Building & Loan Association, of Knoxville, amounts to \$7,000. Some stockholders believe that the amount will be paid if the assets are properly managed and they opposed the appointment of a receiver; but the basis, upon which such associations are founded, gives no security to the stockholders and exacts and exorbitant rate of interest.

W. M. Kirby, who was sheriff of this county some years ago, and who has been in bad health for some time, died at his home Wednesday morning in the 55th year of his age. Funeral services at the residence to-day (Thursday) at 3 P. M., after which the remains will be interred in Lancaster cemetery. Deceased was a member of the Presbyterian church and was a Federal soldier, having enlisted in Col. John K. Faulkner's regiment when the late war began. He leaves a widow, formerly Miss Maria Kinnaird, and two sons, John and Kirk, the latter now residing in Texas. He carried \$7,000 insurance in the Aetna Life Insurance Co.

MATRIMONIAL.

Mrs. Lavinia Davis, whose husband was killed by Little Phil Thompson, was married at Atlanta to J. D. Grover, son of ex-Congressman Grover. Both live in Georgetown.

Two Iowa lovers have just been married after 40 years of uninterrupted courtship. Some men when they have a good thing have no better judgment than to go out looking for trouble.

Two brothers by the name of Dollars married two sisters by the name of Nichols in Oklahoma the other day. This is one of the instances where if the Nichols are taken care of the Dollars will take care of themselves.—Glasgow Times.

A sensation was caused at Lexington when it became known that J. Walter Peak, Congressman Owen's right bower, and Mrs. Joe McCann were married some time ago. Mrs. McCann secured a divorce from Joe McCann, a well-known farmer, a few months ago and Peak was the chief witness. They were married soon after the divorce, and were to keep the marriage a secret for six months.

A. Harvey Stone, lineman for the Electric Light Co., and Miss Lucy, the pretty daughter of William Cooley, were married at Mr. B. F. Rout's residence Tuesday evening by Rev. S. M. Logan. The groom, who is a son of Mr. W. T. Stone, is an industrious and clever young man, while the bride is a splendid young lady with many noble traits of character. The marriage was a surprise to Mr. Stone's family, who knew nothing of it till the following day.

THE INTERIOR JOURNAL

STANFORD, KY., - JAN. 29, 1897

W. P. WALTON.

GOV. BUCKNER told the New York Mail and Express that McKinley has practically abandoned the issue of the election, that of sound money, and the general trend seems to be in the direction of high protection and other forms of paternalism and he fears that there can be no great prosperity during the next four years. The governor is too old a bird to have been caught with such chaff as the republicans threw out to democrats, knowing from past experience that that party is noted for holding the word of promise to the ear to break it to the hope. A good many democrats who were led into deserting the old party are beginning to feel that they sold their birthright for a mess of pottage and then didn't get even that small piece. "Continued disaster" is all that the tail end of the decoy ticket can see now and he ought to go behind his old log house at Glen Lily and pay his promising boy to kick him for the part he took in the continuance of disaster.

IN order to prevent him from being lynched, George Dinning, the Negro who killed Joe Conn, a white-capper, in Simpson county, when he went with a mob to warn the Negro to leave the country, was removed from Bowling Green to the Louisville jail. Then the cowardly mob sought vengeance by burning his little home. This Negro, mean as he doubtless is, has done the State a service by killing one of the midnight raiders, and he should be protected if the entire State militia is necessary to do so. Gov. Bradley says he shall not be mobbed and we hope he will see to it that the law takes its course in this case especially. Conn and every member of his lawless band deserved what he got, and if all mobs could meet with such reception, few of such gangs would disgrace the State.

THE technicalities, the absurdities and the comicalities of law make countless thousands, who believe in its enforcement, mourn. In Louisville the other day Mamie Harth died from the effects of a criminal operation and although she made a statement on her dying bed to several responsible parties giving the names of the persons implicated in the operation, they were released when arrested and put on trial, because forsooth, the poor girl had not been told she was dying but that she "might die." Such child's play as this is enough to disgust the average man with the law as well as with those charged with its execution.

ON the heels of a scandal at the Hopkinsville Lunatic Asylum comes another from the one at Lexington. Tom Scott, son of Dr. W. F. Scott, the superintendent, was accused of undue intimacy with a female attendant. He was supervisor of the institution, but resigned, after an alleged investigation and vindication. Now it is said that Dr. Rhorer, first assistant physician, is implicated in another scandal and so it goes. The republicans are making a mess of it everywhere and insuring democratic victory next time beyond a peradventure. One term of that party will do Kentucky for a life time.

SOME TIME ago Herbert Barnum Seely gave a dinner at Sherry's, when the guests were amused by the posing of women in the nude. It shocked N. Y. City from center to circumference, preachers preached about it and moralists wrote columns of articles denunciatory of the filthy orgy. The result is an investigation and indictment of the principals for conspiring to procure indecent exposure of females, the penalty for which ought to be a long term in the penitentiary, if it is not.

THE weather has been intensely cold all over the country and great damage to life and property has resulted. Many cases of freezing to death are reported, while in the Northwest stock of all kinds have perished by the hundreds. The cold wave extended all over the South and sent the mercury below freezing in Florida, greatly damaging the orange trees again.

IS the tide turning and so soon? This looks like it. Last November the voters of Clinton county, Iowa, gave Mr. McKinley a majority of 900. Last week in a special election to fill a vacancy in the Legislature, the democratic candidate, ex-Congressman Hayes, was elected by a majority of about 800 over the republican candidate.

THE office of State Inspector is no longer a sinecure. He is the busiest man in the State and is kept on the skip between the Hopkinsville and Lexington Lunatic Asylums and the Eddyville penitentiary. Verily the republican administration is full of trouble, may it also be few of days.

CONFIDENCE and prosperity is being rapidly restored. There was only one bank failure, that of the National of Potsdam, N. Y., Monday, against three the Monday before.

THE fraternity sorrows over the death of John P. Cozine, for many years the editor of the Shelby News. He was an all round newspaper man and a whole-souled, popular fellow. For months he had been prostrated with disease, but recently he seemed to be convalescing and hopes were entertained for his recovery. He leaves a wife and several children, most of whom are grown, including Mrs. W. A. Wallwork, of Louisville, who used to be a great favorite with the craft, and to them we extend sincere sympathy.

HERE is a chance for impecunious fathers. Bryan sent one at Burlington, Ia., who named his baby for him, a check for \$100. This may be a case of sporadic insanity on the part of the "Boy Orator of the Platte," but it won't hurt the offspring for some other father to try the name.

MRS. CLEVELAND doesn't want any "Nigger" in hers. She wasn't in when ex-Queen Liliuokalani called, preferring a drive with the mercury below zero to "playing ladies" with her.

POLITICAL.

John S. Rhea has appointed his brother private secretary. The populists are going to nominate candidates for county offices in Pulaski Feb. 13.

W. W. Helm has been appointed postmaster at Newport, against the wishes of Congressman Berry, who says he will not be confirmed.

The National House has passed a bill permitting National banks in small towns to operate on \$20,000 capital. At present \$50,000 is the lowest capital.

Gov. Pingree, of Michigan, is a greedy rad. Although he has been inaugurated as governor he still holds on to the mayoralty of Detroit, and the courts have been called upon to decide his right to do so.

William Kaufman, of Covington, who lost his voice while shouting for McKinley in a Cincinnati parade the night before the election and has since been speechless, is now an applicant for a clerical position under the new administration.

Joseph H. Dowling, collector of internal revenue at Cincinnati, and Deputy Collector Joseph B. Kinninger, have been removed from office for violating the civil service rules against collecting or receiving money for campaign purposes.

Mr. McKinley is reported to have said: "I will call a special session of Congress on March 15, and, unless I change my mind, I desire to have my protective system inaugurated immediately upon my inauguration, and I want a measure passed that will immediately stimulate business and give idle men work."

The political fortunes of the Hon. John J. Ingalls are at a very low ebb. In the caucus of the republican members of the Kansas Legislature to select a candidate for the United States Senate Ingalls received but three votes. Kansas is not in a mood just now to supply the United States Senate with epigrams and satire.

Hiram C. Wheller, the Iowa farm king, who was the republican nominee for governor in 1891, and defeated by Horace Boies, has sold his farm of 4,000 acres in Sac county and will remove to Texas. He has purchased more than 7,000 acres of land 50 miles northeast of Galveston and proposes to establish the largest dairy in the world.

The second administration of Cleveland has worked a reduction in the pension roll of something like \$20,000,000 per year. If nothing else had been done this accomplishment would be worthy the gratitude of the entire country. The pension outrage is one that needs correction badly, but one which the majority of cheap politicians are afraid to tackle.—Louisville Times.

It appears that there is a disposition everywhere among democrats to look to the true interests of the party and get back to the old paths of democracy. It would be fortunate for the party and for the country if this spirit should continue to grow. Certainly it should continue to grow. The democratic party is the great enemy of centralization and State socialism, and its influence in this direction was never more needed than now.—Louisville Post.

In a letter addressed to the chairman of the county committee Col. P. P. Johnston, chairman of the democratic State central committee, says: The resolution passed by the central committee was not promulgated as a rule or as an absolute standard to govern you in your local affairs. Conditions are now exceptional and require different methods of treatment in different localities. You are expected to study the situation and do what is wise and best to unify and strengthen the democratic party in your district. It is the privilege and responsibility of county committees to do this, and you who achieve the best results consistent with the principles and purposes of our party, will furnish the best indication of the line of action that ought to be pursued by the central and executive committees when they meet to deal with matters pertaining to State campaigns.

Lexington has established a soup house to feed her needy population during the cold snap.

Louisville's population, according to directory estimates, is 215,802, which entitles the city to two additional circuit judges.

George Treselvan, of Laredo, is said to be the largest man in Eastern Kentucky. He weighs 380 pounds in his stocking feet and shirt sleeves.

The Columbus Enterprise reports the death of Ground Hog Allen, a noted character, who had for many years lived in a hole in the ground near Columbus.

The Muscovite government has decided to devote a sum of no less than \$60,000,000 to the construction of railroads in Russia during the current year.

There Are Four Kinds of Druggists

In the world and you'll find them in every town in the country.

1. The druggist who sells "cheap" drugs only.
2. The druggist who sells some good drugs and some "cheap" ones.
3. The druggist who sells nothing but good drugs and charges only what they're worth.
4. The so called exclusive druggist who sells good drugs generally, and never forgets to load them down with exorbitant prices.

We belong to the third kind. Our prices and goods are right.

THE Bee Hive, the official paper of the Maccabees, published at Port Huron, Mich., says Sir Knight M. F. Elkin has made a good record for 1896 in Kentucky. The net increase is not very great, only 206, but it must be remembered that the work for fraternal beneficiary orders is very much harder South of the Ohio river from what is North of that stream.

WOVEN wire and oak picket fence, the most economical fence in the market. I am selling it at about cost of manufacturing. A. C. Sine.

PENSION.—A McKinney dispatch says that Mrs. Mary O'Hair, who lives near there, has received a voucher for \$627.50 pension. She will receive \$8 per month hereafter.

It will be observed the ad. of E. O. Zehagen has been withdrawn. Dr. Carpenter found that he had no right to practice optics and was preparing to swear out a warrant against him for the State board of health.

DAMAGES.—Mrs. Jennie Shumaker got a verdict at Danville yesterday for \$10,000 against the L. & N., for causing the death of her husband, John Shumaker. The case was tried last fall and she got a verdict for \$15,000, but the court granted a new trial.

OLD LUMBER.—"Yellow" Chris Gentry has built him a comfortable three-room house near the site of the old Buffalo Mills. It is put up almost exclusively with the lumber that came out of the mill, which is 60-odd years old, but which is as sound as if it were just sawed.

A NARROW ESCAPE.—Laura, the bright little daughter of Mr. and Mrs. Adam W. Carpenter had a narrow escape from burning a few days since. While putting something on the mantle her dress caught fire and when her mother reached her the flames were almost up to her waist. Quick work on Mrs. Carpenter's part saved her daughter from being burned to much extent, but her own hands were badly scorched.

WHEN Sam Guest, who was put in jail for drunkenness Wednesday, sobered sufficiently to realize "where he was at," and being too drunk to remember about being put in, he went to the "hash" window and knocked. Jailer DeBord answered the call, when Sam remarked, "I am ready to go out now. I just come in to talk to the boys a few minutes." But he didn't get out for some time, all the same.

STOLE AN ICE HOUSE.—It is rather unusual for a big thing as an ice house to be stolen, but it is an actual fact that the greater part of the wood work of Mr. George B. Cooper's has been appropriated. The house is back of his barn and Mr. Cooper did not notice until a few days ago that the shingles, weather-boarding, &c., had been removed. It was evidently the work of persons in search of kindling, but it is rather expensive piece of business to the owner who has never needed the house as badly as now.

MOONSHINERS CAUGHT AND STILL DESTROYED.—J. W. Colyer, general deputy collector, J. M. Carter, deputy collector, C. C. Gillespie, deputy marshal, Andy Watson and M. Warren, made a raid on the night of the 19th near the Pulaski and Casey county line and about three miles of Caintown, captured a large moonshine still and complete outfit for making whisky. About 1,200 gallons of beer, 40 gallons singlings and two men, Cage Muir and Charley Rainwater. Both men were sleeping soundly when posse arrived. The citizens in the West End of Lincoln will doubtless rejoice, as it is generally believed that these are the parties that has been such a terror around Moreland and Nealey's Gap, selling their moonshine for many months.

KILLED HERSELF.—Sallie Hocker, wife of Jim Hocker, a Moreland Negro, was accidentally shot and instantly killed at that place a few days since. The husband tells the following story which is generally accepted as true: She had made some cakes during her husband's absence and had put them in her trunk. On his return he asked her for some of them, and on her refusal he was in the act of getting them when she remarked: "If you take any of those cakes, I'll kill you," at the same time reaching for the gun. In her effort to get it, it was discharged, the entire load entering her side. Death was instantaneous. The woman was not considered bright but sufficiently so to attend to her household affairs. She leaves two little children. The husband seems greatly grieved over the death, probably because he did not catch the load himself.

POSTPONED.—Owing to the frigid weather, the sale of Spencer Hubble's effects was postponed till Thursday, Feb. 4.

W. R. COOK, who has a store at Highland, has bought out A. C. Martin's stock at Maywood, and taken charge of his old stand.

D. & D.—For being drunk and disorderly Thomas Keifer and Samuel Guest, both Negroes, were fined \$5 each in Judge Carson's court.

BANK STOCK.—A. W. Carpenter traded to D. S. Johnston a lot of Farmers Bank & Trust Co. stock at \$105 for some in the National Bank of Hustonville at \$150.

\$5 AND COSTS.—Charley Stewart got a jag on a few nights ago and growing boisterous Marshal Newland had to put him in jail. At his trial before Judge Carson he was fined \$5 and costs.

TYPE.—This office has sold in the last week or two 300 pounds of old type and still has 500 pounds of small pica, long primer, brevier and nonpareil to dispose of at 10 cents a pound, in lots of 50 pounds or over.

ZERO.—The weather has been extremely cold since Monday, with mercury Tuesday morning at zero, Wednesday at 2 below and yesterday at three below. Several inches of snow fell Tuesday night, which has added to the discomfort of needy persons and of locomotion. Nearly all the pipes in town are frozen and a water famine is almost threatened.

CHEAP DIAMOND.—Tony Shawley, a brakeman on this division, and for a long time a resident of Rowland, won the \$300 diamond raffled off by Agent Fishback, of Livingston. Shawley's chance cost him only 10 cents, while some of the boys here spent as many dollars in their effort to be the lucky one. The winner sold the stone back to Mr. Fishback for \$225, who won it in a raffle a few months ago.

THE fiscal court didn't make any more free turnpikes Wednesday, but it ordered condemnation proceedings against the Crab Orchard, Chappell's Gap & Ottenheim pike and ordered an election to be held in November to take the sense of the people as to a bond issue to buy all the pikes in the county. An offer of \$12 per share was made for the Stanford & Knob Lick, the Stanford & Halls Gap and the Stanford & Milledgeville pikes, but it has not been accepted. Mr. D. W. Vandever, who owns 66 shares in the Stanford & Halls Gap, offered to take \$1,000 for them, but no less. The court will meet again Feb. 8.

Back of My Promises

Is the certainty of fulfillment of each and every one of them. When you leave your watch with me for repairs it is sufficient guarantee that you will have an accurate and reliable time-piece.

Did it ever occur to you that more Watches are ruined by incompetent workmen than by actual wear? We have gained the reputation for miles around for best work at reasonable prices. A trial will convince you.
